Holy Guardian Angels – Feast Day – October 2, 2023

Who Are the Holy Guardian Angels? These are the **special angels assigned to humans by God**, to watch over all mankind and over individual human beings from grave danger from birth until death. St. Thomas Aquinas says that Angels are spiritual creatures who unceasingly glorify God and who work together to serve God's saving plans for mankind.

Saint Francis of Assisi

Feast Day October 4th

Giovanni di Pietro di Bernardone (c. 1181 – 3 October 1226), known as Francis of Assisi was an Italian mystic and Catholic friar who founded the Franciscans. He was inspired to lead a life of poverty as an itinerant preacher. One of the most venerated figures in Christianity,¹ Francis was canonized by Pope Gregory IX on 16 July 1228. He is usually depicted in a brown habit with a rope around his waist with three knots, symbolizing the three Franciscan vows of poverty, chastity, and obedience. In 1219, he went to Egypt in an attempt to convert the sultan al-Kamil and put an end to the conflict of the Fifth Crusade. In 1223, he arranged for the first live nativity scene as part of the annual Christmas celebration in Greccio. According to Christian tradition, in 1224 Francis received the stigmata during the apparition of a Seraphic angel in a religious ecstasy. He founded the men's Order of Friars Minor, the women's Order of St. Clare, the Third Order of St. Francis and the Custody of the Holy Land. Once his community was authorized by Pope Innocent III, he withdrew increasingly from external affairs. Francis is associated with patronage of animals and the environment. It became customary for churches to hold ceremonies blessing animals on his feast day of 4 October. He is known for devotion to the Eucharist. Along with Catherine of Siena, he was designated patron saint of Italy. San Francisco in California, United States, is named after him.
